

# WHY CHOOSE CANS?

There is nothing like cracking open a cold beer or crisp cider on a hot summer day! Aluminum cans deliver draft-quality drinks that travel well, chill quickly, and are infinitely recyclable.

## CANS CHECK ALL THE BOXES!

### RECYCLABLE

The most recycled beverage package on the planet.

### ECO-FRIENDLY

The average can contains **70%** recycled metal.

### EASY TO SHIP

Lightweight and stackable, they provide storage and shipping efficiencies that limit carbon emissions in the supply chain.

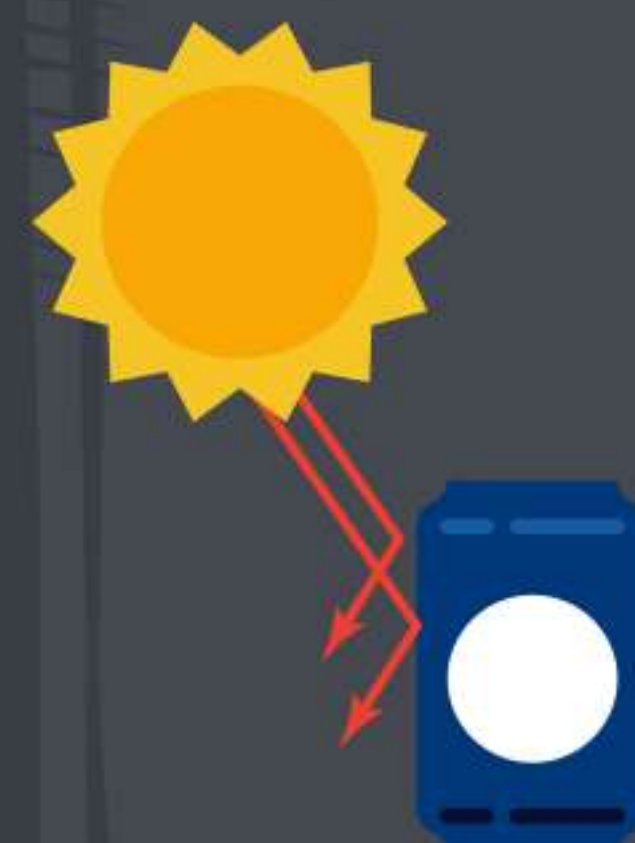

Chill faster, have a long shelf life, and are easy to open

### LIGHTER THAN GLASS

Weigh **67%** less than a bottle.

### KEEP OUT LIGHT & OXYGEN

**100%** protection from light and increased oxygen.

### SAFER

No shattering.

### PORTABLE

They fit into an outdoor lifestyle.

### HELP YOUR BRANDING

360 degrees of branding real estate.

When you give your customers the option to purchase your drinks in a can, you can bet they choose you.
